

Presentations

David Hart

Assistant Director for Extension

University of Wisconsin Sea Grant Institute

February 20, 2017

From 1997 through December 2016, David has given 255 presentations reaching 10,240 people.

2016 (19 presentations reaching 601 people)

- Gave a presentation on “Lake Michigan Water Levels and Coastal Bluffs” for the “Great Lakes Water Level Integrated Assessment Webinar Series” on November 10, 2016. 100 attended.
- Gave a presentation titled “Community-Based Storytelling about Restoration of the St. Louis River Estuary” for the Urban and Regional Planning 622 class at UW-Madison, Wisconsin on November 3, 2016. 15 attended.
- Gave a presentation titled “Great Lakes Water Levels and Coastal Bluffs” at the Great Lakes Water Level Integrated Assessment Response Option Workshop for Local Officials in Whitefish Bay, Wisconsin on October 28, 2016. 25 attended.
- Gave a presentation titled “Great Lakes Water Levels and Coastal Bluffs” at the Great Lakes Water Level Integrated Assessment Response Option Workshop for the Public in Whitefish Bay, Wisconsin on October 27, 2016. 10 attended.
- Gave a presentation on “Building a Great Lakes Resilience Community of Practice – Lessons from the Gulf of Mexico Climate Outreach Community of Practice” at the Great Lakes Adaptation Forum in Ann Arbor, Michigan on October 6, 2016. 20 attended.
- Gave a presentation titled Integrated Assessment on Water Level Variability and Coastal Bluff Erosion in Northern Milwaukee County and Southern Ozaukee County, Wisconsin” at a Great Lakes Water Level Integrated Assessment Community Engagement Workshop in Bayside, Wisconsin on August 17, 2016. 43 attended.
- Gave a presentation titled Integrated Assessment on Water Level Variability and Coastal Bluff Erosion in Northern Milwaukee County and Southern Ozaukee County, Wisconsin” at a Great Lakes Water Level Integrated Assessment Community Engagement Workshop in Mequon, Wisconsin on July 27, 2016. 55 attended.
- Gave a presentation titled “GIS and Sustainable Coastal Development: Great Lakes Coastal GIS Applications at UW-Madison” by webinar on August 4, 2016. 10 attended.
- Gave a presentation on the “Integrated Assessment on Water Level Variability and Coastal Bluff Erosion in Northern Milwaukee County and Southern Ozaukee County, Wisconsin” for Wisconsin Emergency Management in Madison, Wisconsin on June 20, 2016. 10 attended.
- Gave a presentation titled “Integrated Assessment on Water Level Variability and Coastal Bluff Erosion in Northern Milwaukee County and Southern Ozaukee County,

Wisconsin” at a Great Lakes Water Level Integrated Assessment Community Engagement Workshop in Saukville, Wisconsin on June 15, 2016. 45 attended.

- Gave a presentation on “Lake Michigan Bluff Erosion” for the UW Sea Grant Advisory Council at Stevens Point, Wisconsin on June 13, 2016. 16 attended.
- Gave a presentation on “The International Coastal Atlas Network and the Wisconsin Coastal Atlas” at the University College Cork MaREI Center in Cork, Ireland on May 27, 2016. 20 attended.
- Prepared a presentation given by Gene Clark on “Integrated Assessment on Water Level Variability and Coastal Bluff Erosion in Northern Milwaukee County and Southern Ozaukee County, Wisconsin” for the “Great Lakes Water Level Integrated Assessment Phase 2 Workshop in Ann Arbor, Michigan on May 17, 2016. 100 attended.
- Gave a presentation titled “Linking Great Lakes Public Access and Natural Heritage Tourism to Promote Vibrant and Sustainable Coastal Economies” at the Linking Great Lakes Public Access and Natural Heritage Tourism to Promote Vibrant and Sustainable Coastal Economies in Charleston, South Carolina on April 25, 2016. 25 attended.
- Gave a presentation on “Integrated Assessment on Water Level Variability and Coastal Bluff Erosion in Northern Milwaukee County and Southern Ozaukee County, Wisconsin” for the “Great Lakes Water Level Integrated Assessment Research Synthesis Workshop” on March 31, 2016. 16 attended.
- Gave a presentation on “St. Louis River Estuary: The Stories and the Science” at the One River, Many Stories - Data Viz & Story Map Workshop in Duluth, Minnesota on March 19, 2016. 25 attended.
- Gave a presentation on data visualization for water resources at the “Visualize Your Water Challenge” Workshop in Duluth, Minnesota on February 2, 2016. 6 attended.
- Gave a presentation on data visualization for water resources for a “Visualize Your Water Challenge” Webinar on January 26, 2016. 40 attended.
- Gave a presentation on “Decision Tools to Promote Resilience to Great Lakes Coastal Hazards” at the Great Lakes Regional Climate and Resilience Network Meeting in Ann Arbor, Michigan on January 12, 2016. 20 attended.

2015 (13 presentations reaching 486 people)

- Gave a presentation on “Wisconsin Coastal Guide: An Interactive Map that Supports Great Lakes Cultural Heritage Tourism” at the Middleton Public Library on November 11, 2015. 20 attended.
- Gave a presentation on the status of the Wisconsin Coastal Guide at the Wisconsin Harbor Towns meeting in Port Washington on October 23, 2015. 15 attended.
- Gave a presentation on the People of the Sturgeon Story Map with Titus Seilheimer at the Great Lakes Fisheries Heritage Trail Conference in Marinette on September 22, 2015. 45 attended.
- Gave a demonstration of the “NOAA Lake Level Viewer” at Brown County and the University of Wisconsin-Green Bay on September 4, 2015. 6 attended.
- Gave a presentation titled “Planning for an Integrated Assessment on Water Level Variability and Coastal Bluffs in Northern Milwaukee County and Southern Ozaukee

County, Wisconsin” at the Great Lakes Water Level Integrated Assessment Summary Meeting in Ann Arbor, Michigan on September 3, 2015. 40 attended.

- Gave a presentation titled “Existing Research & Decision Tools about Water Levels and Bluff Erosion” at the Great Lakes Water Level Integrated Assessment Stakeholder Workshop in Fox Point on July 27, 2015. 35 attended.
- Gave a presentation titled “Planning for an Integrated Assessment on Water Level Variability and Coastal Bluffs in Northern Milwaukee County and Southern Ozaukee County, Wisconsin” at the Great Lakes Water Level Integrated Assessment Stakeholder Workshop in Fox Point on July 27, 2015. 35 attended.
- Gave a demonstration of the “Great Lakes Coastal Resilience Planning Guide” at the Tools Café for the Gulf of Mexico Climate Outreach - Community of Practice Workshop in St. Pete Beach, Florida on May 19, 2015. 20 attended.
- Gave a presentation titled “Networking Coastal Web Atlases to Promote Biodiversity without Boundaries in the Great Lakes Region” at the Biodiversity without Borders Conference in Traverse City, Michigan on April 19, 2015. 40 attended.
- Gave a presentation titled “Planning for an Integrated Assessment on Water Level Variability and Coastal Bluffs in Northern Milwaukee County and Southern Ozaukee County, Wisconsin” at the Great Lakes Water Level Integrated Assessment Kickoff Meeting in Ann Arbor, Michigan on April 8, 2015. 40 attended.
- Gave a presentation titled “Deep Maps and Timelines for Coastal Stewardship” at the Coastal GeoTools conference in North Charleston, South Carolina on April 1, 2015. 60 attended.
- Gave a presentation titled “The Benefits of a User-Centered Design Process for the NOAA Lake Level Viewer” at the Coastal GeoTools conference in North Charleston, South Carolina on April 1, 2015. 50 attended.
- Gave a presentation to the Coastal and Ocean Data Portal Special Interest Group at the Coastal GeoTools conference in North Charleston, South Carolina on March 30, 2015. 80 attended.

2014 (11 presentations reaching 567 people)

- Gave a presentation titled “How GIS Projects Emerge and Evolve: Dissecting Two Recent GIS Projects at UW Sea Grant” at GIS Day at UW-Madison on November 19, 2014. 50 attended.
- Gave a presentation titled “ICAN and the Wisconsin Coastal Atlas: Joining a Global Network” at the Esri Ocean GIS Summit in Redlands, California on November 5, 2014. 250 attended.
- Gave a presentation on “Climate Impacts on Great Lakes Shore Communities” as part of the DNR Climate Change Vulnerability Workshop in Rhinelander on October 22, 2014. 12 attended.
- Gave a presentation on “Wisconsin Coastal Guide: An Interactive Map that Supports Great Lakes Cultural Heritage Tourism” at the Wisconsin Harbor Towns meeting in Bayfield on October 16, 2014. 10 attended.
- Gave a presentation on “Wisconsin Coastal Guide: An Interactive Map that Supports Great Lakes Cultural Heritage Tourism” at the Wisconsin Land Information Association Fall Regional Meeting in Green Lake on October 9, 2014. 120 attended.

- Gave a presentation on “Visualizing Great Lakes Water Levels” at the Great Lakes Regional Height Modernization - Fall Meeting at Fort McCoy on September 16, 2014. 25 attended.
- Gave a presentation on “The Fox-Wolf Hydrologic Dashboard: A Spatial Decision Support Tool to Support Adaptive Management of Water Resources” as part of a Workshop on observations and water quality for Green Bay at UW-Green Bay on August 6, 2014. 18 attended.
- Gave a presentation on “Dissecting Two Recent UW Sea Grant GIS Projects: How They Began, Evolved and Why They Matter” at the UW Sea Grant Advisory Committee in Lac du Flambeau on June 25, 2014. 12 attended.
- Gave a presentation on “Wisconsin Coastal Guide: An Interactive Map that Supports Great Lakes Cultural Heritage Tourism” at the Great Lakes Trails Conference in Saugatuck, Michigan on May 16, 2014. 20 attended.
- Gave a presentation on “Geospatial Technologies Supporting Great Lakes Cultural Heritage Tourism: Enhancing the Wisconsin Coastal Guide” at the GeoSpatial Summit at UW-Madison on April 24, 2014. 25 attended.
- Gave a presentation on “Using Spatial Narratives and Deep Maps to Foster Citizen Engagement and Understanding of Coastal Estuaries” at the Social Coast Forum in Charleston, South Carolina on February 19, 2014. 25 attended.

2013 (9 presentations reaching 337 people)

- Gave a presentation titled “How Open Geoportal Supports Development of a Coastal Spatial Data Infrastructure” at the Open Geoportal National Summit in Boston, Massachusetts on October 27, 2013. 100 attended.
- Gave a presentation titled “Coastal Communities Create Their Story through Spatial Narrative Geotools” at the Mobile Learning Showcase at UW-Madison on October 3, 2013. 30 attended.
- Gave a presentation on “Great Lakes Visualization Examples” as part of the Lake Level Viewer User Requirements Focus Group #2 on September 17, 2013 via webinar. 15 attended.
- Conducted a workshop on “Developing Coastal Land Intensity Data for the St. Louis River Estuary” at the University of Minnesota, Duluth on August 13, 2013. 30 attended.
- Gave a presentation on “Visualizing Great Lakes Water Levels” as part of the Lake Level Viewer User Requirements Focus Group #1 on August 5, 2013 via webinar. 15 attended.
- Conducted a workshop on “Interoperable Web Services for Adaptive Coastal Management” as part of the CoastGIS 2013 meeting at the University of Victoria in Victoria, British Columbia on June 18, 2013. 22 attended.
- Gave a presentation on “Visualizing Coastal Climate Impacts” as part of an Engineering Professional Development course on Rehabilitating Docks and Marina Facilities at UW-Madison on May 14, 2013. 20 attended.
- Gave a presentation titled “Interoperable Web Services for Adaptive Coastal Management: Geospatial Technologies Supporting the Wisconsin Coastal Atlas” at the Geospatial Summit at UW-Madison on April 25, 2013. 35 attended.

- Gave a presentation on “Science Theme #3: Coastal and Nearshore Response to Climate Variability and Change” at the Northeast Climate Science Center stakeholder meeting in Minneapolis, Minnesota on January 18, 2013. 70 attended.

2012 (23 presentations reaching 939 people)

- Gave a presentation titled “Decision Support Tools for Great Lakes Coastal Hazards” at the Great Lakes Coastal Processes and BMPs Workshop in Ashland, Wisconsin on December 18, 2012. 50 attended.
- Gave a presentation with Sarah Wilkins titled “Developing Coastal Land Intensity Data for the St. Louis River Estuary” at the Harbor Technical Advisory Committee in Duluth, Minnesota on December 5, 2012. 50 attended.
- Gave a presentation titled “Visualizing the Great Lakes: Exploring a Career that Integrates Mapping, Planning and Environmental Science” at GIS Day at UW-Washington County in West Bend, Wisconsin on November 14, 2012. 75 attended.
- Gave a presentation titled “Toward a Networked Great Lakes Coastal Atlas: Linking State and Local Mapping to Address Regional Coastal Issues” at the Great Lakes Regional Coastal Management Meeting in Zion, Illinois on October 17, 2012. 35 attended.
- Gave a presentation with Jeff Stone titled “Great Lakes Coastal Resilience Planning Guide: New Online Resources for Coastal Counties” at the Great Lakes Sea Grant Network Meeting in Duluth, Minnesota on October 4, 2012. 80 attended.
- Gave a presentation titled “Decision Support Tools for Great Lakes Coastal Hazards” at the Great Lakes Coastal Processes and BMPs Workshop in Milwaukee, Wisconsin on September 18, 2012. 40 attended.
- Gave a presentation titled “The Wisconsin Coastal Atlas: Building the Coastal Spatial Data Infrastructure to Promote Restoration and Stewardship of the Great Lakes” at the Wisconsin DNR – Office of the Great Lakes in Madison on July 10, 2012. 10 attended in person and 20 via webinar.
- Gave demonstrations for the Coastal Flooding Use Case Breakout at the Great Lakes Great Lakes Coastal Resilience Planning Guide Workshop at UW-Green Bay on June 19, 2012. 40 attended.
- Gave a presentation titled “Networking Coastal Web Atlases to Address Regional-Scale Issues: Lessons from the West Coast and Great Lakes (The Wisconsin Coastal Atlas as an Interoperable Resource)” at the Great Lakes Coastal Atlas meeting in Ann Arbor, Michigan on June 13, 2012. 15 attended.
- Gave a presentation titled “The Wisconsin Coastal Atlas: Building the Coastal Spatial Data Infrastructure to Promote Restoration and Stewardship of the Great Lakes” at the CIC Center for Library Initiatives - Annual Conference in Minneapolis, Minnesota on May 15, 2012. 60 attended.
- Gave a presentation titled “Towards Dynamic and Distributed Coastal GIS: Lessons Learned from Two Decades of Great Lakes GIS Research and Outreach in Wisconsin” for the Geography 377 class at UW-Madison on April 17, 2012. 50 attended.

- Gave a presentation titled “Spatial Decision Support Tools for Adaptive Management of Water Resources” at the American Water Resources Association – GIS Spring Meeting in New Orleans, Louisiana on March 27, 2012. 25 attended.
- Gave a presentation titled “Stressor Gradients and Spatial Narratives of the St. Louis River Estuary” at the American Water Resources Association – GIS Spring Meeting in New Orleans, Louisiana on March 27, 2012. 35 attended.
- Gave a presentation titled “Decision Support Tools for Great Lakes Coastal Hazards” at the Great Lakes Coastal Processes and BMPs Workshop in Cleveland, Wisconsin on March 13, 2012. 30 attended.
- Gave a presentation titled “Visualizing the Great Lakes: Exploring a Career that Integrates Mapping, Planning, and Environmental Science” for the Students and Leaders Network in Madison, Wisconsin on March 7, 2012. 25 attended.
- Gave a presentation titled “Using Spatial Narratives to Promote Coastal Stewardship: Linking Science, Stories, and Placed-Based Learning in the St. Louis River Estuary” at the Social Coast Forum in Charleston, South Carolina on February 15, 2012. 22 attended.
- Gave a presentation titled “Great Lakes Coastal Resilience Project: Outreach and Training Strategy” at the Digital Coast Partnership in Charleston, South Carolina on February 13, 2012. 30 attended.
- Gave a presentation titled “Promoting Data-Driven Decision-Making for Great Lakes Coastal Hazards” at the Great Lakes Coastal Resilience Project Webinar (Habitat) on February 6, 2012. 10 attended.
- Gave a presentation titled “Promoting Data-Driven Decision-Making for Great Lakes Coastal Hazards” at the Great Lakes Coastal Resilience Project Webinar (Infrastructure) on February 6, 2012. 10 attended.
- Gave a presentation titled “Promoting Data-Driven Decision-Making for Great Lakes Coastal Hazards” at the Great Lakes Coastal Resilience project meeting in Charleston, South Carolina (via webinar) on January 26, 2012. 55 attended.
- Gave a presentation titled “Promoting Data-Driven Decision-Making for Great Lakes Coastal Hazards” at the Great Lakes Coastal Resilience Project Webinar (Erosion) on January 18, 2012. 10 attended.
- Gave a presentation titled “Promoting Data-Driven Decision-Making for Great Lakes Coastal Hazards” at the Great Lakes Coastal Resilience Project Webinar (Flooding) on January 12, 2012. 12 attended.
- Gave a presentation titled “Using Spatial Narratives to Promote Coastal Stewardship: Linking Science, Stories, and Placed-Based Learning in the St. Louis River Estuary” GeoDesign Summit on January 6, 2012. 150 attended.

2011 (21 presentations reaching 768 people)

- Gave a presentation titled “An Overview of Geospatial Employment in Wisconsin: Implications for UW-Madison (and beyond)” at the GIS Day Expo at UW-Madison on November 16, 2011. 40 attended.
- Gave a presentation titled “The Wisconsin Coastal Atlas: Building the Coastal Spatial Data Infrastructure to Promote Restoration and Stewardship of the Great Lakes” at the GIS Day Expo at UW-Madison on November 16, 2011. 25 attended.

- Gave a presentation titled “The Wisconsin Coastal Atlas: Building the Coastal Spatial Data Infrastructure to Promote Restoration and Stewardship of the Great Lakes” at the Great Lakes Coastal Management Regional Meeting in Sturgeon Bay on October 20, 2011. 35 attended.
- Gave a presentation titled “The Wisconsin Coastal Guide: An Interactive Map that Supports Great Lakes Cultural Heritage Tourism” at the Wisconsin Harbor Towns Association annual meeting in Sturgeon Bay on October 14, 2011. 15 attended.
- Gave a presentation/webinar titled “Stressor Gradients and Spatial Narratives: Linking Science, Stories, and Games in the St. Louis River Estuary” at the Great Lakes Environmental Research Lab Seminar Series in Ann Arbor, Michigan on September 23, 2011. 20 attended the presentation/20 participated in the webinar through oneNOAA Science.
- Gave a presentation titled “The Wisconsin Coastal Atlas: Building the Coastal Spatial Data Infrastructure to Promote Restoration and Stewardship of the Great Lakes” at a workshop on “Identifying Products and Services to Support State-Led Coastal and Marine Spatial Planning in the Great Lakes” in Ypsilanti, Michigan on September 23, 2011. 40 attended.
- Gave a presentation titled “Emerging Methods for Data Integration, Analysis, and Decision Support: Use Cases for Coastal Hazards Resilience on the Great Lakes” at the Digital Coast Partnership meeting in Madison on September 14, 2011. 25 attended.
- Gave a presentation titled “Tools and Resources: Visualizing Climate Impacts” at a workshop on “Planning for Climate Impacts in Northeast Wisconsin Communities” in Green Bay on September 13, 2011. 45 attended.
- Gave a presentation titled “The Use of Spatial Narratives to Promote Stewardship of Coastal Resources” at the CoastGIS ’11 conference in Oostende, Belgium on September 6, 2011. 40 attended.
- Gave a presentation on the International Coastal Atlas Network-Great Lakes Meeting at the fifth International Coastal Atlas Network meeting in Oostende, Belgium on August 31, 2011. 52 attended.
- Gave a presentation titled “Applying Geospatial Technologies to Great Lakes Issues: Geospatial Education Projects” at the Earth System Science Education Alliance 2011 Annual Conference in Marquette, Michigan on August 16, 2011. 75 attended.
- Gave a presentation titled “The Wisconsin Coastal Atlas: Building the Coastal Spatial Data Infrastructure to Promote Restoration and Stewardship of the Great Lakes” at Coastal Zone ‘11 in Chicago, Illinois on July 19, 2011. 40 attended.
- Co-presented a poster titled “Great Lakes Mapping Mashups: Promoting Data-Driven Decision-Making for the Great Lakes” at the International Association for Great Lakes Research annual meeting in Duluth, Minnesota on May 31, 2011. 25 attended.
- Gave a presentation titled “The Wisconsin Coastal Atlas: Building the Coastal Spatial Data Infrastructure to Promote Sustainable Management of the Great Lakes” at the International Association for Great Lakes Research annual meeting in Duluth, Minnesota on May 31, 2011. 35 attended.
- Gave a presentation titled “Spatial Decision Support Tools and Adaptive Management of Coastal Resources” at the Land Use Intensity Data Set Workshop at the NOAA

Coastal Services Center in Charleston, South Carolina on April 22, 2011. 18 attended.

- Gave a presentation titled “Land-Based Classification Standards and the Coast” at the Land Use Intensity Data Set Workshop at the NOAA Coastal Services Center in Charleston, South Carolina on April 21, 2011. 18 attended.
- Gave a presentation titled “Applying LBCS in Milwaukee’s Historic Fifth Ward: Lessons from an Applied GIS Workshop” as part of a panel on “Land Based Classification Standards as a Support System Tool” at the American Planning Association annual conference in Boston, Massachusetts on April 12, 2011. 55 attended.
- Gave a presentation titled “The Use of Spatial Narratives to Promote Stewardship of the Great Lakes” at the Coastal GeoTools conference in Myrtle Beach, South Carolina on March 23, 2011. 25 attended.
- Gave a presentation titled “A Great Lakes Perspective: Linking Coastal Web Atlases to Support Coastal and Marine Spatial Planning” at the Special Interest Meeting on Building Coastal Web Atlases to Support CMSP Goals: Best Practices, Lessons Learned, and Requirements at the Coastal GeoTools conference in Myrtle Beach, South Carolina on March 21, 2011. 40 attended.
- Gave a presentation titled “Building the Coastal Spatial Data Infrastructure to Promote Restoration and Stewardship of the Great Lakes” at the American Water Resources Association - Wisconsin Chapter annual conference in Appleton, Wisconsin on March 4, 2011. 35 attended.
- Gave a presentation titled “The Wisconsin Coastal Atlas: Building the Coastal Spatial Data Infrastructure to Promote Sustainable Management of the Great Lakes” at the Wisconsin Land Information Association annual conference in Madison, Wisconsin on February 17, 2011. 45 attended.

2010 (11 presentations reaching 320 people)

- Gave a presentation titled “GIS and Sustainable Coastal Development Great Lakes Coastal GIS Applications at the University of Wisconsin-Madison” for the IES 900 class at UW-Madison on October 7, 2010. 10 attended.
- Gave a presentation titled "The ICAN Coastal Erosion Use Case as a Model for Wisconsin and the Great Lakes" at the International Coastal Atlas Network-Great Lakes meeting in Madison on September 14, 2010. 50 attended.
- Gave a presentation titled "Planning a Great Lakes Boating Trip Integrating Data from Distributed Sources Using Google Earth" at the International Coastal Atlas Network-Great Lakes meeting in Madison on September 14, 2010. 50 attended.
- Gave a presentation titled “Promoting and Coordinating Climate Adaptation Planning in Wisconsin’s Great Lakes Coastal Communities” for a webinar on climate adaptation projects on July 27, 2010. 25 attended.
- Gave a presentation titled "Wisconsin Coastal Atlas: Building a Spatial Decision Support Toolbox to Address Comprehensive Plan Implementation and Coastal Hazards Resilience" at the Midwest Spatial Decision Support System Partnership meeting in Chicago, IL on July 20, 2010. 30 attended.

- Gave a presentation titled “Virtual Globes and Environmental Education” for a graduate course in the Education School at UW-Madison on July 16, 2010. 20 attended.
- Gave a presentation titled "Wisconsin Coastal Atlas: Building the Coastal Spatial Data Infrastructure to Promote Hazard Resilience on the Great Lakes" at the ASPRS - Great Lakes Summer Meeting in Milwaukee on June 18, 2010. 30 attended.
- Gave a presentation on the climate adaptation strategies developed by the WICCI Coastal Communities Working Group to the Wisconsin Climate Change Initiative Advisory Council in Madison on May 25, 2010. 10 attended.
- Gave a presentation titled "Building a Great Lakes Spatial Decision Support Toolbox to Address Comprehensive Plan Implementation and Coastal Hazards Resilience" at the NOAA Coastal Management Fellow matching meeting in Charleston, SC on April 26, 2010 (with Kate Angel). 25 attended.
- Gave a presentation titled "Building a Great Lakes Spatial Decision Support Toolbox to Address Comprehensive Plan Implementation and Coastal Hazards Resilience" at the University Consortium for Geographic Information Science meeting in Washington, DC on February 4, 2010. 50 attended.
- Gave a status report on the Coastal Communities Working Group to the Wisconsin Climate Change Initiative Science Council in Madison on February 1, 2010. 20 attended.

2009 (15 presentations reaching 1,045 people)

- Gave a presentation titled "The Research Agenda of the Wisconsin Coastal Atlas" at the fourth International Coastal Atlas Network meeting in Trieste, Italy on November 17, 2009. 40 attended.
- Gave a presentation titled "The Long and Winding Road to a Wisconsin Coastal Atlas: Lessons Learned from 15 Years of Building Dynamic and Distributed Coastal GIS in Wisconsin" at the Wisconsin Land Information Association Fall Regional Meeting in Eau Claire, Wisconsin on October 20, 2009. 80 attended.
- Gave a presentation titled "Great Lakes Mapping Mashups: How to Develop Your Own Great Lakes Web Mapping Applications" at the State of Lake Michigan conference in Milwaukee, Wisconsin on October 1, 2009. 40 attended.
- Gave a presentation titled "Visualizing the Impact of Changing Water Levels on the Great Lakes" at the State of Lake Michigan conference in Milwaukee, Wisconsin on September 30, 2009. 40 attended.
- Gave a presentation titled "A U.S. Great Lakes Perspective on the International Coastal Atlas Network" at Coastal Zone '09 in Boston, Massachusetts on July 22, 2009. 50 attended.
- Gave a presentation on visualizing extreme lake levels at the Great Lakes Sea Grant Network meeting in Alexandria Bay, New York on June 16, 2009. 50 attended.
- Prepared a presentation on GIS Mapping of Duluth/Superior Harbor Corrosion Data for the Corrosion Steering Committee in Duluth, Minnesota on June 2, 2009.
- Gave a presentation titled "Building the Case for a Wisconsin Coastal Atlas" at the UW Sea Grant All-Hands Meeting in Madison on May 26, 2009. 20 attended.

- Gave a presentation titled "Paddle-to-the-Sea 2.0: Can virtual globes and a classic children's book promote Great Lakes science literacy?" at the International Association for Great Lakes Research annual meeting in Toledo, Ohio on May 21, 2009. 20 attended.
- Gave a presentation titled "GLOS HarborView: A mapping mashup that supports recreational boating on the Great Lakes" at the GLOS Annual Meeting in Ann Arbor, Michigan on April 6, 2009. 50 attended.
- Gave a presentation titled "GLOS HarborView: A mapping mashup that supports recreational boating on the Great Lakes" at Coastal GeoTools '09 in Myrtle Beach, South Carolina on March 4, 2009. 50 attended.
- Gave a plenary presentation titled "Building the Digital Great Lakes: The Evolution of the Wisconsin Coastal GIS Applications Project Since 1994" at the Coastal GeoTools conference in Myrtle Beach, South Carolina on March 4, 2009. 400 attended.
- Presented a poster on the Paddle-to-the-Sea Google Lit Trip at Coastal GeoTools '09 in Myrtle Beach, South Carolina on March 5, 2009. 50 attended.
- Gave a presentation titled "Towards a Dynamic and Distributed Coastal GIS: The Evolution of Great Lakes GIS Outreach in Wisconsin Since 1995" for the IES 695 class at UW-Madison on January 28, 2009. 40 attended.
- Presented a status report on the Coastal Communities Working Group at the Wisconsin Initiative on Climate Change Impacts Workshop for Working Groups in DeForest, Wisconsin on January 12, 2009. 100 attended.

2008 (12 presentations reaching 340 people)

- Gave a presentation titled "Research Opportunities in Sea Grant's Sustainable Coastal Development Focus Area" as part of the URPL Faculty Seminar Series at UW-Madison on November 13, 2008. 20 attended.
- Gave a status report on the Coastal Working Group to the Wisconsin Climate Change Initiative Science Council in Madison on November 3, 2008. 20 attended.
- Gave a presentation titled "The Wisconsin Coastal Guide - A GIS Mapping "Mashup" that Supports Great Lakes Cultural Tourism" at the Wednesday Nite @ The Lab series sponsored by the UW-Madison Science Alliance on September 24, 2008. 50 attended.
- Gave a presentation on GLOS mapping products at the Great Lakes Sea Grant Network, Sustainable Coastal Community Development workshop in Put-in-Bay, Ohio on October 9, 2008. 15 attended.
- Gave a presentation titled "Coastal GIS Applications and Web Mapping in Wisconsin - The long and winding road to a Coastal Web Atlas" at the International Coastal Atlas Network meeting in Copenhagen, Denmark from July 8, 2008. 35 attended.
- Authored a presentation titled "GIS Mapping of Duluth/Superior Harbor Corrosion Data." Gene Clark presented it to the Corrosion Steering Committee in Duluth, Minnesota on June 3, 2008.
- Gave a presentation titled "Building the Case for a Wisconsin Coastal Atlas" to the Coastal Hazards Work Group in Madison on May 13, 2008. 10 attended.

- Gave a presentation on GLOS mapping products at the Great Lakes Observing System annual meeting in Milwaukee on April 16, 2008. 40 attended.
- Gave a presentation titled “The Hydrologic Dashboard: Accessing and Visualizing Web Services to Support Water Resource Management” to the Wisconsin Climate Change Initiative Science Council in Madison on April 7, 2008. 20 attended.
- Co-presented on mapping mashups at the Wisconsin Chapter of the American Planning Association annual conference in Madison on March 26, 2008. 50 attended.
- Gave a presentation titled “Building a Spatial Data Infrastructure for the Great Lakes Leveraging OGC Web Services to Support Coastal Management” at the Great Lakes WATER Institute on March 14, 2008. 5 attended.
- Gave a presentation titled “Building a Spatial Data Infrastructure for the Great Lakes - Leveraging OGC Web Services to Support Coastal Management” at a workshop on mapping mashups at the Wisconsin Land Information Association in Lake Geneva on February 27, 2008. 50 attended.
- Gave a presentation titled “Digital Great Lakes/Geospatial Technologies – GIS Research, Outreach, and Education to Support Sustainable Management of the Great Lakes” to the Environmental Studies 654 class at UW-Green Bay on February 20, 2008. 25 attended.

2007 (17 presentations reaching 622 people)

- Gave a presentation titled “Promoting Interoperable Web Mapping Services on the UW-Madison Campus” as part of the Geospatial Interoperability Summit on GIS Day on the UW-Madison campus on November 7, 2007. 50 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” at the Making a Great Lake Superior conference in Duluth, Minnesota on October 29, 2007. 45 attended.
- Gave a presentation titled “Digital Great Lakes/Geospatial Technologies GIS Research, Outreach, and Education to Support Sustainable Management of the Great Lakes” to the Wisconsin DNR GIS User Group in Madison on October 23, 2007. 20 attended.
- Gave a presentation titled “The Hydrologic Dashboard: Accessing and Visualizing Web Services to Support Water Resource Management” at the State of Lake Michigan conference in Traverse City, Michigan on October 4, 2007. 10 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” at the State of Lake Michigan conference in Traverse City, Michigan on October 3, 2007. 150 attended.
- Gave a demonstration of the Hydrologic Dashboard to U.S. Geological Survey, Wisconsin Water Science Center staff in Middleton, Wisconsin on September 20, 2007. 25 attended.
- Gave a presentation titled “Digital Great Lakes/Geospatial Technologies: GIS Research, Outreach, and Education to Support Sustainable Management of the Great Lakes” to the UW Sea Grant Advisory Committee in Madison on September 5, 2007. 20 attended.

- Gave a presentation titled “Maps and GIS Data for Great Lakes Coastal Hazards” at the Wisconsin Coastal Management Program, Natural Hazards Work Group meeting in Madison on August 29, 2007. 10 attended.
- Gave a demonstration of the Hydrologic Dashboard to Wisconsin DNR staff on August 20, 2007. 2 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” at the Coastal Zone 07 conference in Portland, Oregon on July 24, 2007. 50 attended.
- Coordinated class project presentations for URPL 969 on “Land Use Inventory and Analysis Historic Fifth Ward Milwaukee, Wisconsin” on May 9 and 11, 2007. 15 attended.
- Gave a presentation titled “The Hydrologic Dashboard: Accessing and Visualizing Web Services to Support Water Resource Management” at UW-Green Bay on May 24, 2007. 10 attended.
- Gave a presentation titled “From GLOS to SimBasin: Holistic Thinking About an Integrated Ocean Observing System” for the Best Education and Outreach Practices from Observing Systems: Applications to the Great Lakes and the Great Lakes Observing System (GLOS) meeting in Traverse City, Michigan on April 11, 2007. 100 attended.
- Gave a presentation titled “Towards a Dynamic and Distributed Coastal GIS Reviewing a Decade of Great Lakes GIS Outreach in Wisconsin” for the IES 695 class at UW-Madison on March 21, 2007. 30 attended.
- Gave a presentation titled “Reflections on New Orleans 18 Months After Hurricane Katrina: Recovery Indicators, Planning Efforts, and Geographic Information Systems” to the Water Resources Management Practicum at UW-Madison on March 12, 2007. 20 attended.
- Gave a presentation titled “The Hydrologic Dashboard: Accessing and Visualizing Web Services to Support Water Resource Management” at the Coastal GeoTools 2007 conference in Myrtle Beach, South Carolina on March 8, 2007. 40 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” at the Coastal GeoTools 2007 conference in Myrtle Beach, South Carolina on March 6, 2007. 25 attended.

2006 (15 presentations reaching 830 people)

- Gave a presentation titled “Towards a Dynamic and Distributed Coastal GIS Reviewing a Decade of Great Lakes GIS Outreach in Wisconsin” at the Wisconsin Land Information Association fall regional meeting in Sturgeon Bay on October 19, 2006. 75 attended.
- Gave a presentation titled “Towards a ‘Dynamic and Distributed’ GIS to Support Coastal Management Along the Great Lakes Coast of Wisconsin: Integrating Land and Water Data using Wisconsin’s Lake Superior Coastal Mapping Portal” at the Wisconsin Association for Floodplain, Stormwater, and Coastal Management Twilight Workshop in Ashland, WI on July 20, 2006. 25 attended.
- Gave a presentation titled “Rethinking New Orleans After Hurricane Katrina: Designing an Applied GIS Workshop for Urban Planning Students on Disaster

Response/Recovery” at the CoastGIS '06 conference in Wollongong, Australia on July 14, 2006. 200 attended.

- Gave a presentation titled “Towards a ‘Dynamic and Distributed’ GIS to Support Coastal Management Along the Great Lakes Coast of Wisconsin: Integrating land and water data using Wisconsin’s Lake Superior Coastal Mapping Portal at the CoastGIS '06 conference in Wollongong, Australia on July 13, 2006. 100 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” at the International Geographical Union 2006 conference in Brisbane, Australia on July 6, 2006. 25 attended.
- Gave presentations on coastal visualization and GIS interoperability at the University of Waikato in Hamilton, New Zealand on June 22, 2006. 5 attended.
- Participated in a presentation on Coastal Community Development at the Great Lakes Sea Grant Network meeting in Alpena, Michigan on June 13, 2006. 75 attended.
- Gave a presentation titled “Harvesting the Fruits of the Wisconsin Land Information Program: Tracking the Investment in Public Access to Local Government Land Records” at the Wisconsin Land Information Association Regional Meeting in Elkhart Lake, WI on June 8, 2006. 100 attended.
- Served as an urban planning expert as part of the Ecology 2020 workshop for middle school students in Madison on April 22-23, 2006. 10 attended.
- Gave a presentation titled “Towards a ‘Dynamic and Distributed’ GIS to Support Coastal Management Along the Great Lakes Coast of Wisconsin: Integrating land and water data using Wisconsin’s Lake Superior Coastal Mapping Portal” at the Great Lakes Regional Data Exchange conference in Rochester, NY on April 5, 2006. 50 attended.
- Gave a presentation titled “Reflections on Katrina: Six Months Later Recovery Indicators, Planning Efforts, and a GIS Workshop” to the University of Wisconsin Sea Grant Advisory Council and UWSG staff in Madison on March 23, 2006. 15 attended.
- Gave a presentation titled “Integrating Land Use Data Using Web Map and Web Feature Services” as part of an IAGT project conference call on March 16, 2006. 50 attended.
- Participated in a panel associated with the Nelson Institute Forum titled “Reflecting on Hurricane Katrina: Six Months Later, Where Do We Stand After America's Costliest Natural Disaster?” on March 3, 2006. 30 attended.
- Gave a presentation titled “Applying GIS Tools for Stormwater Management in the Baird Creek Watershed” at the Fox-Wolf Watershed Alliance Stormwater 2006 Conference in Oshkosh on February 21, 2006. 20 attended.
- Gave a presentation of the Lake Superior Coastal Mapping Portal as part of an IAGT project conference call on February 16, 2006. 50 attended

2005 (21 presentations reaching 622 people)

- Gave a presentation with Jennifer Koehler on GIS Tools for Stormwater Management in the Baird Creek Watershed in Green Bay on December 16, 2005. 25 attended.

- Gave a presentation with Jeff Stone on Bluff Erosion Visualization to the Grafton/Cedarburg Rotary as part of the UW-Madison Speakers Bureau in Cedarburg on December 15, 2005. 75 attended.
- Gave a presentation with Jeff Stone on Bluff Erosion Visualization to Ozaukee County staff in Port Washington on December 15, 2005. 10 attended.
- Gave a demonstration of the Lake Superior Coastal Mapping Portal at the Great Lakes Regional Data Exchange, Distributed Web Services Workshop in Chicago, Illinois on November 18, 2005. 25 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” at GIS Day on the UW-Madison campus on November 15, 2005. 12 attended.
- Conducted a demonstration of the Lake Superior Coastal Mapping Portal and participated in a webcast associated with the Midwest Spatial Decision Support System Partnership MSDSSP Webcast on November 14, 2005. 8 remote sites. 25 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” at the State of Lake Michigan/Great Lakes Beach Association Conference in Green Bay, Wisconsin on November 3, 2005. 40 attended.
- Gave a presentation titled “Developing a Dynamic and Distributed GIS to Support Coastal Management Along the Great Lakes Coast of Wisconsin” at the State of Lake Michigan/Great Lakes Beach Association Conference in Green Bay, Wisconsin on November 3, 2005. 50 attended.
- Conducted a demonstration of the Lake Superior Coastal Mapping Portal for staff of the Wisconsin Coastal Management Program and the Wisconsin Department of Administration on October 10, 2005. 8 attended.
- Gave a presentation titled “Developing a Dynamic and Distributed GIS to Support Coastal Management Along the Lake Superior Coast of Wisconsin” at the Wisconsin Indianhead Technical College in Ashland on September 1, 2005. 12 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” by conference call as part of a meeting organized by the Great Lakes Commission on “Integrating Geotourism into the Great Lakes Circle Tour” on August 31, 2005. 20 attended.
- Gave a presentation titled “Developing a Dynamic and Distributed GIS to Support Coastal Management Along the Lake Superior Coast of Wisconsin” at the Wisconsin DNR “land use and computers” brown bag series in Madison on July 27, 2005. 10 attended.
- Gave a presentation titled “Community Planning Resource-Great Lakes Coastal Communities: Gateways to Planning Information and Education” at the Coastal Zone 05 conference in New Orleans, LA on July 19, 2005. 50 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” at the Great Lakes regional workshop for Marine Protected Areas at the Shedd Aquarium in Chicago, IL on June 28, 2005. 50 attended.

- Gave a presentation titled “Towards a Dynamic and Distributed Coastal GIS: Lessons Learned From a Decade of Great Lakes GIS Outreach in Wisconsin” at the International Association for Great Lakes Research 2005 conference in Ann Arbor, MI on May 25, 2005. 40 attended.
- Demonstrated web mapping interoperability with GIS and Office of the Great Lakes staff of the Wisconsin Department of Natural Resources on April 11, 2005. 15 attended.
- Gave a presentation on “GIS Tools to Support Stormwater Management” at the Nonpoint Source Education for Municipal Officials (NEMO) U4ia GIS workshop in Washington, DC on April 4, 2005. 20 attended
- Gave a presentation titled “Developing a Dynamic and Distributed GIS to Support Coastal Management Along the Lake Superior Coast of Wisconsin” at the Lake Superior Information Sharing workshop hosted by the Wisconsin Coastal Management Program and Bayfield County on March 21, 2005 at the Northern Great Lakes Visitors Center in Ashland, WI. 25 attended.
- Gave a presentation titled “Wisconsin Shores: DVD for Coastal Hazards Education in Wisconsin” for Alberto Vargas of the Wisconsin Coastal Management Program at the Coastal GeoTools 2005 conference in Myrtle Beach, South Carolina on March 8, 2005. 35 attended.
- Gave a presentation titled “Developing a Dynamic and Distributed GIS to Support Coastal Management Along the Lake Superior Coast of Wisconsin” at the Coastal GeoTools 2005 conference in Myrtle Beach, South Carolina on March 9, 2005. 50 attended.
- Gave a presentation on web mapping interoperability to a UW-Green Bay GIS user group on March 3, 2005. 25 attended.

2004 (13 presentations reaching 317 people)

- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” at the Great Lakes Sea Grant Network, Coastal Communities and Economies Theme Team meeting in New Buffalo, Michigan on December 7, 2004. 12 attended.
- Gave a presentation titled “Developing a Dynamic and Distributed GIS to Support Coastal Management Along the Lake Superior Coast of Wisconsin” at the “Future of Open Water Observations Technology for the Great Lakes” workshop hosted by the Great Lakes Environmental Research Lab in Ann Arbor, Michigan on December 1, 2004. 30 attended.
- Gave a presentation titled “Developing a Dynamic and Distributed GIS to Support Coastal Management Along the Lake Superior Coast of Wisconsin” to a coastal geomorphology class taught by Profs. David Mickelson and Chin Wu on November 17, 2004. 15 attended.
- Gave a presentation titled “Developing a Dynamic and Distributed GIS to Support Coastal Management Along the Lake Superior Coast of Wisconsin” as part of GIS Day activities on November 17, 2004 in Madison. 20 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using Web Mapping to Support Coastal Cultural Tourism” as part of the sustainable

economic development panel at the Coastal Great Lakes Regional Data Exchange conference in Detroit, MI on October 27, 2004. 8 attended.

- Demonstrated the Impervious Surface Analysis Tool (ISAT) to planning officials from northern Indiana in Merrillville, IN on October 25, 2004. ISAT is a GIS tool that uses land cover, census population density, and impervious surface coefficients to use percent impervious surface as an indicator for watershed health. Land cover data from 1996 and 2001 was used. This activity was coordinated with Robert McCormick of Illinois-Indiana Sea Grant. 12 attended.
- Gave a presentation titled “Great Lakes Circle Tour Coastal Access Guide: Using GIS to Support Marine Heritage Tourism” at the Coastal States Organization annual fall meeting in Traverse City, MI on October 14, 2004. 35 attended
- Gave a presentation titled “Harvesting the Fruits of the Wisconsin Land Information Program: Fifteen Years of Investment in Local Government Land Records Modernization” at a meeting of the Wisconsin Chapter of the American Society of Farm Managers and Rural Appraisers in Lake Geneva, WI on September 16, 2004. 40 attended.
- Presented on the status of the Kewaunee/Bay-Lake RPC WLIS Node project at a meeting of the Wisconsin Land Information Board in Madison on July 22, 2004. 20 attended.
- Gave a presentation titled “Using GIS to Develop Performance Indicators for Coastal Hazards in Wisconsin” at the Coastal Society 2004 conference in Newport, RI on May 26, 2004. 10 attended.
- Organized a session on the Wisconsin Land Information System Pilot Projects at the Wisconsin Land Information Association annual conference in the Wisconsin Dells on March 4, 2004. The session included a demonstration of integrating distributed web map services to address management of runoff from a dairy farm on the Kewaunee/Door County border. 75 attended.
- Gave a presentation titled “Demonstrating the Use of Integrated Web Mapping Services to Address Multi-Jurisdictional Resource Planning and Management Issues” at the Department of Urban and Regional Planning on February 16, 2004. 20 attended.
- Presented on the Kewaunee County/Bay-Lake Regional Planning Commission WLIS pilot project at the Wisconsin Land Information Board meeting in Madison on February 4, 2004. 20 attended.

2003 (4 presentations reaching 190 people)

- Gave a presentation titled “Solving the Land Records Jigsaw Puzzle: Demonstrating GIS Interoperability in Wisconsin” at the SIAC lecture on November 12. 25 attended.
- Organized a session titled “Solving the Land Records Jigsaw Puzzle: Bringing GIS Interoperability to Wisconsin” at the Wisconsin Land Information Association annual meeting on February 13, 2003 in Milwaukee. Gave a presentation on how to utilize federal, state, and local web mapping services to address floodplain management issues. 30 attending.
- Gave a presentation on an inventory of digital elevation data developed by local governments in Wisconsin in a session with Ted Koch, D. David Moyer, and Alan

Lulloff on the Wisconsin Land Information Board, Elevation Data Task Force report at the Wisconsin Land Information Association annual meeting on February 12, 2003 in Milwaukee. 60 attending.

- Gave a presentation with Alberto Vargas titled “Using GIS to Measure Performance Indicators for Coastal Management in Wisconsin” at the Coastal GeoTools ’03 Conference in Charleston, SC on January 8, 2003. 75 attending.

2002 (5 presentations reaching 140 people)

- Gave a presentation titled “Towards a Dynamic and Distributed Coastal GIS: Lessons Learned From The Wisconsin Coastal GIS Applications Project” at Louisiana State University on May 7, 2002. 15 attending.
- Gave a presentation titled “Towards a Dynamic and Distributed Coastal GIS: Lessons Learned From The Wisconsin Coastal GIS Applications Project” at the University of Rhode Island on April 29, 2002. 20 attending.
- Gave a presentation with Ted Quinby titled “Towards a Dynamic and Distributed Coastal GIS: Web Mapping Tools for Great Lakes Coastal Management” at the Environmental Monitoring Seminar on April 26, 2002. 25 attending.
- Gave a presentation titled “Towards a Dynamic and Distributed Coastal GIS: Lessons Learned From the Wisconsin Coastal GIS Applications Project” at the Great Lakes Information Network Advisory Meeting in Ann Arbor, MI on April 19, 2002. 30 attending.
- Gave a presentation with Tom McClintock titled “Overview of 3-D Visualization at the University of Wisconsin LICGF” at the NOAA Coastal Services Center on February 6. 50 attending.

2001 (12 presentations reaching 680 people)

- Gave a presentation titled “Towards a Dynamic and Distributed Coastal GIS: Lessons Learned From The Wisconsin Coastal GIS Applications Project” to the IES 695 class (Applications of GIS in Natural Resources) on November 12, 2001. 15 attending.
- Gave a presentation titled “GIS and Shoreland Management” at the North American Lake Management Society 2001 annual conference in Madison on November 7, 2001. 50 attending.
- Gave a presentation titled “Humpty Dumpty and the Coastal Parcel Map: The Tale of a Horizontally and Vertically Integrated GIS for the Lake Michigan Coast of Wisconsin” at the National States Geographic Information Council 2001 annual conference in St. Louis, Missouri on September 11, 2001. 75 attending.
- Organized and moderated a session titled “Integrated GIS for the Great Lakes Coast” and gave a presentation on the “Wisconsin Coastal GIS Applications Project” at the Coastal Zone ’01 conference in Cleveland, Ohio on July 19, 2001. 50 attending.
- Gave a presentation on the accomplishments and impacts of the Wisconsin Coastal GIS Applications Project to the UW Sea Grant PAT Review team on June 6, 2001. 25 attending.
- Gave a presentation titled “Towards a Dynamic and Distributed Coastal GIS: Lessons Learned from the Wisconsin Coastal GIS Applications Project” to the CoastGIS ’01 Conference in Halifax, Nova Scotia on June 19, 2001. 125 attending.

- Arranged and moderated a session titled “GIS Applications for Great Lakes Coastal Management” at the International Association of Great Lakes Researchers 2001 annual conference in Green Bay on June 11, 2001. 50 attending.
- Gave a presentation titled “Using GIS for Analysis of Coastal Development Setback Policies on Lake Michigan” at the Wisconsin Coastal Management Council meeting in Port Washington on April 12, 2001. 35 attending.
- Gave a presentation titled “Using Geographic Information Systems for Understanding Coastal Hazards on Lake Michigan” at an information meeting for Lake Michigan riparian property owners in Ozaukee County on April 11, 2001. 150 attending.
- Gave two presentations titled “Applications of an Integrated Digital Parcel Map for the Lake Michigan Coast of Wisconsin” at the Wisconsin Land Information Association Day (briefings on significant GIS projects in the state) at the State Capitol on February 7, 2001. 50 attending.
- Gave a presentation titled “Who Owns the Coast? Applications of an Integrated Digital Parcel Map for the Lake Michigan Coast of Wisconsin” at the NOAA Coastal GeoTools '01 Conference in Charleston, SC on January 10, 2001. 30 attending.
- Gave a presentation titled “Wisconsin Coastal GIS Applications Project” to the Information Technology for Coastal Managers Workshop at the NOAA Coastal GeoTools '01 Conference in Charleston, SC on January 8, 2001. 25 attending.

2000 (9 presentations reaching 236 people)

- Conducted a demonstration on coastal GIS for the Wisconsin Department of Administration on October 18, 2000. 12 attended.
- Gave a presentation titled “Who Owns the Coast? Applications of an Integrated Digital Parcel Map for the Lake Michigan Coast of Wisconsin” to the Environmental Monitoring Seminar at UW-Madison on October 6. 30 attending.
- Gave a presentation titled “Tools for Visualizing Coastal Environments Using Local Government Spatial Data?” at the 17th annual meeting of The Coastal Society on July 12, 2000. 40 attending.
- Gave a presentation titled “Tools for Visualizing Coastal Environments Using Local Government Spatial Data?” at the International Association of Great Lakes Research conference on May 25, 2000. 30 attending
- Gave a presentation titled “Can We Effectively Integrate Local Government Digital Spatial Data for Great Lakes Coastal Management?” to the Urban and Regional Planning PhD Seminar on April 12, 2000. 8 attending.
- Gave a presentation titled “Can We Effectively Integrate Local Government Digital Spatial Data for Great Lakes Coastal Management?” to the Oceanography 911 Seminar on April 6, 2000. 8 attending.
- Gave a presentation on GIS for Shoreland and Coastal Management at the Wisconsin County Code Administrators annual meeting in Wausau on March 31, 2000. 80 attending.
- Gave a presentation on the Wisconsin Coastal GIS Applications Project to CNRED Extension Agent for the Northeast District at UW-Green Bay on January 19, 2000. 8 attending.

- Gave a demonstration of the GIS data integrated for the Lake Michigan coast and the WCMP Open House in Madison on January 13, 2000. 20 attending.

1999 (11 presentations reaching 430 people)

- Organized a GIS Day event at Blessed Sacrament School in Madison on November 19, 1999. 35 third-graders.
- Gave a presentation on applications of GIS to the public in Door County with Tom Haight, Door County LIO, on November 4, 1999. 10 attending.
- Gave a presentation on the status of the Wisconsin Coastal GIS Applications Project at URISA '99 in Chicago on August 23, 1999. 20 attending
- Gave a presentation on the status of the Wisconsin Coastal GIS Applications Project at Coastal Zone '99 in San Diego on July 27, 1999. 50 attending.
- Gave a presentation on the COE Lake Michigan Coastal Data Integration Project at URISA '99 in Chicago on August 24, 1999. 50 attending.
- Gave a presentation on the COE Lake Michigan Coastal Data Integration Project at NOAA Evaluation of WCMP in Madison on June 15, 1999. 12 attending.
- Gave a presentation on the COE Lake Michigan Coastal Data Integration Project at LMPDS meeting in Manitowoc on April 29, 1999. 20 attending
- Gave a presentation on the COE Lake Michigan Coastal Data Integration Project at URPL PhD Seminar in Madison on May 5, 1999. 8 attending.
- Gave a presentation on the COE Lake Michigan Coastal Data Integration Project at Coastal GeoTools '99 in Charleston, SC on April 7, 1999. 75 attending.
- Gave a presentation on the use of GIS for coastal management in Wisconsin at a State Capacity Building session at Coastal GeoTools '99 in Charleston, SC on April 5, 1999. 50 attending.
- Gave a presentation on the COE Lake Michigan Coastal Data Integration Project at the Wisconsin Land Information Association Annual Conference in Appleton, WI on March 10, 1999. 100 attending.

1998 (2 presentations reaching 100 people)

- Gave a presentation on the COE Lake Michigan Coastal Data Integration Project at the ESRI Wisconsin User's Conference in Madison on November 4, 1998. 50 attending.
- Gave a presentation titled Wisconsin's Great Lakes Shoreline Ownership and Coastal Management with Alberto Vargas of WCMP as part of the Who Owns America II conference in Madison on June 4, 1998. 50 attending.

1997 (8 presentations reaching 475 people)

- September 23, 1997. "Demonstration of the shoreland management GIS application" Vilas County Board of Supervisors. Eagle River, WI. 50 attended.
- September 30, 1997. "Technology in Emergency Management" 31st Annual Governor's Conference on Emergency Management. Stevens Point, WI. 200 attended.

- August 25-26, 1997. "Wisconsin Coastal GIS Applications Project" Great Lakes Coastal Hazards Mitigation Meeting. Traverse City, MI. 75 attended.
- June 18, 1997. "Town of Mosel Coastal Erosion GIS Application" Green Bay GIS Users Group. Green Bay, WI. 25 attended.
- April 24, 1997. "Blue Lake Shoreland Management GIS Application" Wisconsin Coastal Management Council. Manitowoc, WI. 25 attended.
- March 18, 1997. "Demonstration on the Blue Lake shoreland zoning/inland lake management GIS application" Oneida County Board of Supervisors. Rhinelander, WI. 50 attended.
- January 22-24. "Town of Mosel Coastal Erosion GIS Application" Lake Michigan Potential Damages Study Organizational Meeting - U.S. Army Corps of Engineers, Detroit District. Detroit, MI. 20 attended.
- Presentations on "GIS Applications for Coastal Management" were conducted for the Planning Wisconsin Seminar on February 11, 1997, the Oceanography/Limnology Seminar on February 27, 1997, and for the Environmental Monitoring Seminar on April 4, 1997. 30 attending.
